Baldwin History

Incorporation

Baldwin Borough was incorporated on January 1, 1952, being formed from a part of Baldwin Township. The original Baldwin Township incorporated in 1843, covered the area now included in the Boroughs of Baldwin, Whitehall, Brentwood, and Castle Shannon, the present Baldwin Township, and parts of the City of Pittsburgh known by their former borough names of Hays, Carrick, and Overbrook.

All accessory structures must be at least five (5) feet away from the neighboring property line. Also, the accessory structure cannot be in the front yard. An application must be filled out online. An up to date plot plan or survey would be required.

Exception to this are those properties that Allegheny County deems exempt from real estate taxes. Allegheny County is also responsible for the assessment values placed on individual parcels. More information regarding assessments can be obtained by visiting the Allegheny County Office of Property Assessments at <http://www.alleghenycounty.us/opa/index.aspx>.

Due Dates

Borough property taxes are due before June 1st of each year.

- If you pay before April 15th, you will get a 2% discount.
- If you pay on June 1st or after, you will have a 10% penalty for late payment.
- Taxes can also be paid online with a debt or credit card (plus convenience fee) or e-check for free.

Tax Rate

- The Borough's property tax rate, also referred to as the millage rate, is set by Council each budget cycle and for 2016 is 5.95 mils.
- For the median property value in Baldwin (\$99,300) a 5.95 mils tax rate means an annual tax bill of \$590.84.
- You can read more about Baldwin's millage rate history and property values on the <http://www.alleghenycounty.us>. Your property taxes fund essential Borough services, such as public safety, parks and recreation, and solid waste removal.

Delinquent Property Taxes

Delinquent Taxes are collected by Jordan Tax Services, a third party firm. Payment plans are available. If you do not pay your taxes, a lien will be placed against your property, which means the taxes plus accrued interest must be paid before the house can be sold or transferred to new ownership. Jordan Tax Services can be reached at 412-835-5243 or custsvc@jordantax.com.

Property Value Assessments

Allegheny County is responsible for assessing the value of all property within the County. Please visit <http://www2.county.allegheny.pa.us/RealEstate/Search> for more information or to learn how to file an appeal.

It is the responsibility of the property owners to secure a tax bill and correct the mailing address for the bill. All real estate taxes are due on or before the established due dates regardless of whether or not a tax bill is received by the property owner. Failure to receive a tax bill shall not excuse the taxpayer from paying the tax by the due date.

The property owner is responsible to notify the tax office in the case of mortgage refinance, payoff, or other situations that would change the method of real estate tax payments, or change of address for whom the bill is sent. Notice can be sent to Gail Dobson-Mikush, the Tax Collector. Note that this notification does not change the address for the Allegheny County real estate taxes.

Sanitary Sewer Operation and Maintenance

Residents receive a monthly sewage bill which is based on your water consumption. The Borough establishes this rate by factoring in the costs associated with water treatment, the operation and maintenance of our collection system, as well as personnel costs associated with our sanitary system.

2016 Sewage Rate

- 11.52 per every 1,000 gallons used
- Monthly surcharge of \$6.75.

Sewage Plant

- ALCOSAN
- Pleasant Hills Water Authority
(dependent on location in Baldwin)

How to Pay Your Sewage Bill

Baldwin contracts with Legal Tax Service to collect monthly sewage bills. Payments can be done by mail, a drop off box located at the Borough Building, or by paying online at www.legaltaxservices.com Please contact Legal Tax Services at 412-464-9555 for questions about your bill.

Projects to Improve Sewer Infrastructure

The Borough is currently operating under a Consent Order and Agreement (COA) with the Department of Environmental Protection and the Allegheny County Health Department. This requires the Borough to vigorously maintain our vast collection system and to strive to reduce the inflow and infiltration of stormwater into the sanitary system. As the Borough conveys flow to both the Pleasant Hills Authority as well as ALCOSAN, each sewer shed has a separate COA that must be adhered to.

In addition to the preventative maintenance performed by the Borough Public Works Department, the Borough is constructing a 1.2 million gallon Equalization Basin within the wooded areas of Colewood Park to retain wet weather that infiltrates our sanitary system during rain events. This project has been designed by the Borough's consulting Engineers, with the participation of Whitehall Borough and the Pleasant Hills Authority. Construction is anticipated to be complete in the Summer of 2017.

These improvements are not only improving Borough infrastructure, but the health and safety of residents.

Winter Storms

Our Public Works Department is one of the best in Allegheny County and we pride ourselves on providing exemplary public service to our residents during the winter. But, when the snow flies, we also need your help. Our Public Works Department asks you to remember the following:

- Whenever possible, please park in your driveway and not on the street during a winter storm. This will help the drivers on their snow routes.
- Monitor winter storm tracking through the media, plan accordingly and try to avoid unnecessary travel during these storms.
- Unless you have an emergency, please do not call the Borough office to report that your street has not been cleared. Rest assured, if it's snowing, we're working.

In addition, the Borough streets are prioritized according to high traffic, public transportation, and school bus routes first.
